MEMORANDUM FOR: Executive Committee Members

FROM : Deputy Director of Central Intelligence

SUBJECT : Implementation of Decisions Concerning Foreign Liaison

REFERENCES : A. EXCOM 9047-80, 15 April 1980

B. EXCOM 9075-80, 6 June 1980

1. Attached is a summary of subject decisions and of actions taken concerning them as reported by your components in their second progress reports, which were submitted in early/mid-August. Suggestions for additional action are also provided in the summary.

2. Substantial progress has been made toward needed correction of some basic problem areas in the Agency's conduct of foreign liaison. However, progress has slowed in implementation of some accomplishable actions, and we appear to be marking time on others. I urge you to expedite completion of these actions. Where this is not possible, perhaps effective alternatives can be proposed.

3. Because the nature of most of the pending actions allows for fairly short-term accomplishment, please provide me your third progress reports by 1 October. Please direct questions concerning this subject and copies of your responses to Mr. [redacted], Executive Committee Staff, Room 4E50,
